

## FARMER BOYS AND GIRLS TOUR CAPITAL

Forty-seven Corn Raisers and Thirty Girls of Maryland Counties Here.

Forty-seven husky farmer boys and thirty rosy-cheeked girls arrived in Washington at 11:15 this morning for a sightseeing tour of the city. They visited Secretary of Agriculture Houston this afternoon, after which they journeyed to College Park, Md., to see the State Agricultural College. The girls are guests of the Mothers' Congress. After luncheon at the Raleigh, they were taken on a tour of the city.

The boys are winners in the County Corn Growers' Club of Maryland, and the girls are the victors in the County Home Economics Clubs. There are two boys from each county which has a corn club, and the girls, three from each county, represent ten Maryland counties.

### Tour Maryland for Week.

The tour of Maryland for the winners started a week ago last Monday. The tour was made on the "hospitality" plan entirely. Two parties started from two extreme sections of the State. The

winner in one county were taken to the next county in automobiles loaned for the purpose. Here they were joined by the winners from that county, and another automobile took them to the next stopping place. By this method, the party finally reached Baltimore yesterday, where they were entertained by the citizens, leaving for Washington this morning.

After a hurried trip through the city today, the party will leave Washington at 6:30 o'clock this afternoon. They will travel to Annapolis, where they will be entertained by the citizens of the Maryland capital.

**State Pays All Bills.**  
They will leave Annapolis tomorrow for Baltimore, which will end their tour. The whole party is in charge of H. E. Warner of Baltimore. The boys are under the leadership of Ruben Bringham, director of the Corn Club of Maryland, and the girls are led by Karl Gunn, director of the Home Economics Club work in Maryland.

The boys range in size from tiny little fellows in short trousers, nearly eclipsed by the many badges with which their coats lapels are decorated, to husky farmer lads, strong and sturdy. The boys raised corn and potatoes, and the girls doing the best work in each of the counties were taken on the tour at the expense of the State.

The girls, buxom and clear-eyed, are the ones picked from the members of the County Home Economics Clubs who competed for the prize in canning and generally efficient house work.

Only one disappointment was given to the boys on their arrival here today. They had counted on seeing President Wilson, but were unable to do so, because of inability to secure an appointment.

## BRUNNER INSTALLED BATHING BEACH HEAD

Teaching of Swimming Will Be Policy at Municipal Pools Under New Director.

Frederick J. Brunner today took to the oath of office as superintendent of the bathing beach and the municipal playground swimming pools. Mr. Brunner succeeds Dr. Sidney L. Cousins, whose resignation was announced about two weeks ago.

Coincident with the new appointment is the announcement of the amalgamation of the management of the playground swimming pools and the bathing beach under one head and the adding of courses in swimming and life-saving to the regular program of the playgrounds.

In commenting upon the appointment of Mr. Brunner, Mr. Susie Root Rhodes, supervisor of playgrounds, under whose department the bathing beach is conducted, said: "Under the new superintendent the bathing beach will be a swimming pool where people come to learn to swim and to perfect themselves in the art of swimming and saving human lives, rather than merely dipping and splashing about. Mr. Brunner will devote a great part of his

time and that of the life guards on the various pools to the teaching of swimming."

Mrs. Rhodes also has announced that two new swimming pools will be built this winter. One at the Cardozo playground for colored children and the other for white people, at a place to be announced later. It is possible it will be erected in the Mt. Pleasant section of the city.

## Tax Reform Association To Discuss Reorganizing

There will be a meeting of the Tax Reform Association of the District in the Public Library tomorrow night to arrange for the formation of a new Land Values Tax League.

## Woman's Relief Corps Entertains Veterans

Department Commander Hunsont, of the Department of the Potomac, G. A. R., Col. John McElroy, Capt. O. H. Oldroyd, and other prominent veterans were among the visitors and speakers at the last meeting of the Lincoln Woman's Relief Corps at G. A. R. Hall.

The arrangements for the meeting were made under the direction of Mrs. Marian Lewis, head of the executive board, assisted by Mrs. Treulie Shirley and Mrs. Nellie Baxter, the president of the corps. The entertainment was provided by a committee headed by Miss Moree Elizabeth Buckles.

## AGRICULTURE'S PART IN NATION'S DEFENSE

Farming College Executives Discuss Question at Convention in Washington.

The part the agricultural colleges of the country will play in the program for military preparedness has centered practically all of the interest in the convention of the heads of these institutions at the New Willard. This evening Secretary of War Baker and Major Andrew Moses, general staff, secretary of the Army War College, will outline just what the War Department and the army desire.

President W. O. Thompson, of the Ohio State University, President Guy Potter Benton, of the University of Vermont, and President W. M. Riggs, of the University of South Carolina, are expected to lead the discussion, and shape the action of the college presidents and the interest of every one of the professors and deans and Federal officials attending the convention has been aroused in what these educators will say.

## FIVE MINUTES! NO INDIGESTION, NO GAS OR ANY STOMACH MISERY

Don't suffer! Here's the quickest, surest relief known for Dyspepsia, Sourness, Heartburn, or an Upset Stomach—Try It!

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps the stomach regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is astonishing. Please don't go on and on with a weak disordered stomach; it's so unnecessary.—Adv.

**Here Is the Challenge Sale's Most Decisive Underpricing on Rich, Luxurious Fur Coats and Beautiful Fur Sets**

This store always offers quality Furs and Fur Coats at lowest-in-the-city prices, but for this event we have gone further than ever in the way of quoting big values—with the fixed determination to make this the season's most important fur occasion.

The low prices quoted are only possible because of our foresight in taking early warning of market conditions and buying liberally when prices were much lower than today. These unmatchable values emphasize our preparedness.

A nominal deposit will reserve any fur piece or fur garment until Christmas.
